A mother comes to care.

A family secret comes with her.

Three days after giving birth in Houston, Rosiline Akudo is still learning the rhythm of motherhood when her mother, Nwagaga, arrives unannounced for *omugwo*, the cherished Igbo tradition of caring for a new mother and child.

She comes with bags of food, plenty of opinions, and an old brown envelope she has kept for years. As pepper soup simmers, *Kamsi* settles into life, and the household grows louder, warmer, and more involved, the envelope begins to unfold a long-buried family story.

Through candid conversations, laughter, and moments of tension, Akudo learns about her grandmother, an unfinished promise, and the strength that runs through the women in her family.

Warm, funny, and deeply rooted in Igbo family life, *Omugwo* is a story about motherhood, cultural inheritance, healing, and the kind of love that shows up when it is needed most.
